Moving Up and Recognition Day at Oikos Helping Hand Learning Center:

A Joyous Celebration!

Oikos Helping Hand Learning Center celebrated its Moving Up and Recognition Day for School Year 2024-2025 with great enthusiasm and pride. The event marked the culmination of a successful school year, where students were recognized for their hard work, dedication, and achievements. Parents, teachers, and students came together to honor academic milestones, personal growth, and outstanding performances. It was a heartwarming occasion filled with joy, gratitude, and a bright look ahead to the future as the students move on to new challenges and opportunities. Here's to another year of learning and growth at Oikos Helping Hand Learning Center!

First Ever Outdoor Fellowship for Elementary Scholars:

A Day of Fun, Friendship, and Faith!

Oikos Helping Hand Learning Center's elementary scholars recently celebrated their first-ever outdoor fellowship, filled with laughter, exciting games, and teamwork activities. The day emphasized not only fun but also faith, as students came together to grow in spirit and camaraderie. Reflecting on Proverbs 22:6, the fellowship showed the importance of guiding children with love and faith, shaping them for a bright future. The event was a beautiful reminder that learning goes beyond academics — it's about growing in faith, love, and friendship.

Youth and Young Adult Outdoor Fellowship at VAVA Park:
Building Connections, Strengthening Faith!

Our Youth and Young Adult scholars gathered at VAVA Park for an unforgettable Outdoor Fellowship, filled with fun, laughter, and meaningful teamwork. The event was a wonderful opportunity to grow in faith, bond as a family, and strengthen our community. Reflecting on Psalm 133:1, "How good and pleasant it is when God's people live together in unity," the fellowship highlighted the power of connection and unity in Christ. A day of laughter, faith, and shared moments that will last a lifetime!

Sustainable Fashion Movement

In a groundbreaking initiative, the Sustainable Fashion Movement is equipping women with essential sewing skills to upcycle fabric remnants into new, fashionable products. This training not only empowers women by enhancing their livelihoods but also contributes to youth education. Earnings from the sale of these upcycled goods will be directed toward empowering youth to complete their studies and build brighter futures. The project develops a circular economy, promotes sustainable fashion, and strengthens communities through education and skill-building.

First-Aid Training Led by Medical Advisor from Singapore

A comprehensive First-Aid training session was recently conducted by a seasoned Head Nurse from Singapore. The session focused on essential life-saving techniques, including CPR, wound care, and emergency response protocols. Participants gained valuable hands-on experience and expert insights, equipping them with the skills needed to handle medical emergencies confidently and effectively. This training showed the importance of preparedness and safety in both personal and community settings.
